The program duration is 1 minute and 40 seconds, +/- 10 seconds

Program Component factor is 1.2

The warm-up duration is six (6) minutes.

Each fall shall receive a deduction of 0.5.

Artistic Free Skating (Bronze, Silver, Gold, Masters)

The program duration for Bronze, Silver and Gold Free Skating is 1:30 minutes, +/-10 seconds. The program duration for Masters Artistic Free Skating is 2 minutes +/- 10 seconds.

The Artistic Free Skate is a competitive program that must include elements of the sport of figure skating. At least one (1) and a maximum of two (2) single jumps MUST be included. A Waltz jump is not considered a listed single jump. At least one (1) and a maximum of two (2) spins MUST be included. No Axel type jumps, double or triple jumps are allowed. No combination jumps are allowed.

The program duration for Masters Elite and Masters Artistic Free Skating is 2 minutes +/- 10 seconds. The program duration for Gold, Silver and Bronze Artistic Free Skating is 1 minute and 30 seconds, +/- 10 seconds.

The artistic event will be judged **only** on the basis of Presentation Components (program components):

- Skating skills
- Transitions
- Performance
- Choreography
- Interpretation/Timing

(See ISU Special Regulations and Technical Rules 2016, Singles & Pair Skating, Rule 504, paragraph 3 for a detailed description of Program Components. The respective Rules can be found on the ISU website.)

There will be no technical panel and no technical mark given. The points for each Program Component are multiplied by a factor of 1.0.

The artistic program consists of a variety of skating moves selected for their value in demonstrating skating ability and enhancing the skater's interpretation of the music. Skaters will be judged on their ability to interpret the music and develop a theme through their skating. Credit for technical elements is based solely on the ability of such movements to enhance the chosen theme and support the music. Credit will not be given for their technical difficulty.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps, which should be used only to reflect the

character of the program and to underline the rhythm and nuances of the chosen music. The skater/pair must not remain in one place for more than five (5) seconds.

Any element exceeding the maximum number as set forth below will be judged as an illegal element (1.0 deduction). If there is no jump or no spin element included or only a jump and no spin or vice versa a deduction for a “missing element” of 1.0 will be made. The Referee is responsible for such deductions.

Clothing and make-up must be modest, dignified and appropriate for athletic competition – not garish or theatrical in design. Clothing may, however, reflect the character of the music chosen. Clothing must not give the effect of excessive nudity. The theme of the program should be recognizable from the skating movements and choreography – regardless of what the skater is wearing.

Props and accessories may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges’ table are not permitted. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted.

The deduction for inappropriate clothing or make-up props and accessories (1.0) will be determined by a majority of the judges and the referee.

Illegal elements:

- Somersault type jumps

- Lying on the ice and prolonged and/or stationary kneeling on both knees on the ice

The warm-up duration is five (5) minutes for all artistic free skating events.
